INTRODUCTION

Rebuilt Data Streams

With the implementation of the Virginia Corrections Information System (VACORIS), the Statistical Analysis and Forecast Unit of the Virginia Department of Corrections (VADOC) has rebuilt the offender population data streams used for analysis. These rebuilt data streams adhere to documented data definitions and better reflect actual population figures than previously released data.

Historically, the Statistical Analysis and Forecast Unit has compiled demographic, offense and sentence information for Virginia's Institutional and Community populations and published this information annually in the *Fiscal Year Statistical Summary*. Using the rebuilt data streams extracted from VACORIS, the Statistical Analysis and Forecast Unit is issuing the information previously contained in the old statistical summaries plus additional information that previously was not available in this *State Responsible Offender Population Trends Report*.

As a result, the use of all reports, documents, charts and graphs containing VADOC data published prior to March 2010 should be discontinued.

If you have any questions or would like additional information, contact Tama Celi at 804-887-8248 or tama.celi@vadoc.virginia.gov.

²⁵ Employee First Report of Accident as reported by DGS - Risk Management.

²⁶ Involved medical cost or wage reimbursement.

²⁷ In 2011 VADOC changed its definition of serious assaults to meet the broader American Correctional Association (ACA) definition; figures for FY2011 forward reflect this new definition

²⁸ Includes both Institutions and Community Corrections facilities; Source: *VADOC Management Information Summary Annual Report*

²⁹ SR EOM = SR End of Month Population on June 30th = DOC Facility Population Summary + SR in Local Jails from State Compensation Board (SCB); following the identification of coding error in the SCB data in June 2015 all SCB from January 2005 - May 2013 was rebuilt by SCB in June 2015; SR EOM values in this table reflect these changes; as a result, SR in Jails is, on average, 429 (6.8%) higher per month and Total SR EOM is, on average, 429 (1.1%) higher per month than what was reported previously using the old SCB data; all SPS Forecasts in this table were created and approved using the old SCB data
