B. Notification of Vacancies (NOV)

1. Executive management may establish procedures to review and approve requests to recruit or fill vacant positions for their area of responsibility prior to submission to Human Resources.

2. Organizational Unit Heads should request approval to recruit for a vacant position through their appropriate chain of command unless otherwise directed. The Organizational Unit Head should use the Notification of Vacancy 102_F3 or other approved form. The senior manager will submit or confirm submission of the approved NOV to Human Resources.

3. The Director of Human Resources or designee in consultation with the appropriate member of the Director’s Staff will grant final approval for all vacant positions to be posted and filled.

4. The DOC may occasionally be required to comply with additional reviews to obtain approval before a vacancy is posted, before interviews are scheduled or before written employment offers are made.
   a. These requirements may be imposed by the Director, the Secretary of Public Safety, or the Governor’s Office.
   b. The Director, Deputy Director for Administration, Chief of Corrections Operations, Deputy Director of Programs, Education, and Reentry or Director of Human Resources will issue written instructions to Organizational Unit Heads if additional approvals or reviews are required.

C. Review of Duties, Qualifications, and Essential Functions of Vacant Positions (4-4048; 4-ACRS-7E-08; 1-CTA-1C-01)

1. Duties - When a vacancy occurs, the Organizational Unit Head or designee should determine whether a generic Employee Work Profile (EWP) template exists for the vacant position. A EWP template must be utilized if one exists.
   a. If no generic EWP template exists for the vacant position, the Organizational Unit Head or designee should review the duties of the position as indicated on the most recent (EWP) to ensure that the duties are correct and current.
   b. If an EWP does not exist, or is not current, the Organization Unit Head or designee should work with the HRO to develop or revise the EWP prior to the position being posted. If assistance is needed with this process, the Compensation Unit at Headquarters should be contacted.
   c. If the duties of the position have changed or are intended to change, new core responsibilities and measures will be developed. The position should be reviewed to confirm the correct assignment of the role title and working title; this review should be coordinated with the Compensation Unit at Headquarters.
   d. If the EWP reflects the current duties of the position, the recruiting process may be initiated.

2. Qualifications - The Organizational Unit Head or designee should determine the minimum Knowledge, Skills, and Abilities (KSAs) necessary to perform the duties of the vacant position. Qualification requirements identified for recruiting or selection purposes must be job-related and based on the EWP for the vacant position. These qualifications should be reviewed by Human Resources prior to the posting of the vacancy. At this time:
   a. Minimum KSAs should be identified that are required for the employee to satisfactorily perform the job duties. Minimum KSAs must not include those that can be routinely learned during a reasonable period on the job.
   b. Preferred KSAs should also be identified that are clearly related to the duties of the position. Preferred KSAs must not include those that can routinely be learned during a reasonable period on the job.
c. Experience - Both quality, as well as length of experience should be key factors in qualifications and employment decisions. Specific years of experience, such as two years or four years, will not be used for purposes of job posting or selection. Applicable or related experience may be required or, in some instances, preferred. (2-CO-1C-07)

d. Education - Requirements should not be so absolutely stated or used as to preclude consideration of applicants who possess equivalent or sufficient applicable experience or training that would reasonably predict an applicant's ability to perform the job satisfactorily. (4-4057, 4-ACRS-7B-04; 2-CO-1C-07; 1-CTA-1C-04) Education may be reflected as a minimum requirement only if it is required by a specific certifying body, regulation, or law.

e. Qualifications listed in the job posting must be written and consistent with those in the EWP.

3. Essential Functions - Prior to posting or recruiting for a vacancy, the Organizational Unit Head or designee should confirm or identify the essential functions of the position.

4. Position Review - The recruitment process may commence as soon as current core responsibilities and measures have been identified, the role title and working title confirmed, the minimum and if appropriate preferred qualifications are identified, and the essential functions are identified.

5. Human Resources or the HRO must identify the screening criteria prior to the position being posted.

6. Supplemental Questions

a. Prior to recruiting for a vacancy, the Organizational Unit Head in consultation with Human Resources or HRO should establish questions that may screen an individual for the position and can be utilized in the Recruitment Management System (RMS).

b. These questions should be based on essential functions and KSAs as established in the EWP.

c. Additional questions may be added as necessary by law, statute, or regulation to further determine applicants’ eligibility for hiring or promotion. (e.g., PREA)

7. Postings will be made using standard “job or role” templates.

a. Changes to these templates to indicate unique aspects of a position can be made by Recruitment Staff at Headquarters.

b. Additional information may be added to the template by the HRO only if another duty or KSA is needed to perform that specific job.

c. The HRO should notify Recruitment Staff at Headquarters if any aspect of the template should be modified.

8. Eligibility

a. The DOC shall not hire or promote anyone for a position that may have offender contact who has been: (§115.17[a], §115.217[a])

iii. Civilly or administratively adjudicated to have engaged in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse

b. The DOC shall consider any incidents of sexual harassment in determining whether to hire or promote anyone who may have contact with incarcerated offenders (§115.17[b], §115.217[b])

c. The DOC must ask all applicants and employees who may have contact with offenders directly about previous misconduct described in paragraph a., of this section in written applications or interviews for hiring or promotions. (§115.17[f], §115.217[f])

D. Filling Vacancies through Administrative or Non-Competitive Processes - Positions may be filled on a non-competitive basis through an administrative process, management initiated process, or an employee
initiated process.

1. Administrative Placement - This determination will be made by the Director of Human Resources or designee in consultation, if needed, with the appropriate senior manager.
   a. Within the DOC for placement in lieu of layoff or for recall from layoff
   b. By demotion or transfer for disciplinary or performance reasons

2. Management Initiated Placement - This determination will be made by the appropriate member of the Executive Team, in consultation with the Director of Human Resources or designee, based on DOC operational needs necessitated by a non-competitive transfer:
   a. Employees going from one position to another where the job title is the same
   b. Transferring employees to a position in the same band based on DOC operational needs

3. Employee Initiated Cases - This determination is made by the Organizational Unit Head in consultation with the appropriate Regional Operations Chief or Regional Administrator or Executive Team member when a position that otherwise would be filled on a competitive basis has been requested by a current employee.
   a. Employees transferring to a position in the same or to a lower sub-band in the same pay band or to a lower pay band as a result of the employee’s request
   b. Employee initiated case request and review process:
      i. An employee who desires to transfer within the same pay band in the same or lower sub-band or voluntarily demote to a position in the same or another organizational unit must make a written request to that Organizational Unit Head and should copy their own Organizational Unit Head. This may be done at any time but must have been submitted prior to the position being posted.
      ii. The Organizational Unit Head may fill the vacant position by accepting the written request for transfer or voluntary demotion in consultation with the Human Resources Officer. The compensation must be approved in accordance with Operating Procedure 102.4, Compensation, prior to offering the position. If more than one lateral transfer/demotion request is received, the Organizational Unit Head or designee should interview the candidates interested in transferring to determine the employee best suited for the position.
      iii. The Organizational Unit Head has discretion to accept or reject requests for transfer or voluntary demotion and may post a vacant position without regard to written requests for transfer. If the position is posted, those requesting transfer must submit an application through RMS by the deadline to be considered in the competitive process.
      iv. The Organizational Unit Head from which the employee is transferring should not refuse to allow the employee to transfer to another organizational unit or delay the date for the transfer without concurrence from the receiving Organizational Unit Head. If a transfer delay is necessary, 45 days should normally be the time limit. Exceptions should be discussed with the appropriate Regional Administrator.
      v. The appropriate Regional Administrator or senior manager may disapprove or delay an intra-divisional transfer or demotion based upon Agency need.
      vi. Corrections Officers may not transfer, to include a transfer through the competitive process, during the first 2 years of employment unless an exception for hardship is approved by the Regional Administrator or both Regional Administrators if the transfer request is across regions.
      vii. The Director of the Department of Corrections may disapprove any transfer or demotion.

E. Posting and Recruitment

1. Determining Recruitment Options - Organizational Unit Heads should consider the recruitment option that best fits their needs before posting a vacancy. The decision should be based on factors such as the diversity of the unit’s workforce and the availability of qualified applicants. One of these three options must be used when conducting recruitment:
a. Agency Internal Recruitment - Only current DOC employees (i.e., classified, restricted, wage, and excepted positions) may apply. These positions are initially posted for at least five business days.

b. State Employees Only - Only current employees of the Commonwealth of Virginia (i.e., classified, restricted, wage, and excepted state employees) may apply. These positions are posted initially for at least five business days.

c. General Public - All state employees and the general public may apply.

2. If initial recruitment does not result in an acceptable applicant pool, recruitment can be continued as necessary. Re-posting may proceed after consultation with the appropriate Human Resources designee.

3. Vacancy postings cannot be changed once published unless approved by the Director of Human Resources or designee.

4. Recruitment

a. HROs will key vacancies into the RMS for all positions except for positions in pay band 5/sub-band 14 and above. Headquarters’ Recruitment Staff will key all other vacancies in to the RMS.

b. Vacant classified positions that are to be filled on a competitive basis will be listed in the Recruitment Management System (RMS) and will reflect the recruitment option chosen except as noted below: (4-APPFS-3D-19)

i. A position with the same role/work title, duties, and functions within the same organizational unit and geographical area/location becomes vacant or funded during the recruitment period or within ninety calendar days of the original position’s closing date and needs to be filled as promptly as possible.

ii. An applicant pool for a Corrections Officer or Probation Officer within the same organizational unit and geographic area/location can be utilized for 180 days of the original position’s closing date.

iii. Organizational Unit Heads have the option to post the new vacancy in RMS or use the applicant pool from the original recruitment.

5. Time Requirements - Announcements for all positions must be listed in the RMS for a minimum of five consecutive business days, not counting Saturdays, Sundays, and holidays.

6. Paid Advertising - Consideration to available labor pools should be given prior to deciding on paid advertising.

a. Executive Team members in consultation with the Director of Human Resources, or designee, will determine use of paid advertising.

b. Organizational units may place ads in consultation with Human Resources. The organizational unit will be responsible for the cost of ads and for placing their own advertisements in newspapers and electronic media consistent with the information listed in the RMS job posting for that position. Posting periods must be consistent with closing dates listed in the job posting. Human Resources must review and approve external advertisements prior to their placement.

7. Re-posting

a. An organizational unit may re-post a vacant position if additional qualified applicants are desired.

b. A position must be re-posted or the closing date extended if the initial job posting did not produce three qualified applicants, unless an exception to re-post is approved by the Director of Human Resources or designee.

c. Re-posted positions must be listed for a minimum of five consecutive business days.

8. “Open Until Filled” Postings

a. “Open until filled” postings are used for certain recruitment situations without the restriction of closing dates with the approval of the Director of Human Resources or designee. The posting period must last at least five business days.
b. Organizational units with roles approved for “open until filled” status must ensure that equal employment opportunity efforts are maintained in the attempt to achieve agency EEO objectives.

F. Applications

1. Only electronic employment applications submitted using RMS by the deadline will be considered in the competitive process.

Such persons should be directed to receive assistance from the Human Resources Officer at the organizational unit where they are seeking employment or from Human Resources. (4-4054, 4-ACRS-7E-03; 2-CO-1C-09-1)

   a. A fully completed application is one with all questions answered, previous positions and duties listed, with no gaps in employment or personal history.
   b. The Director of Human Resources or designee may approve use of supplemental application documents, including resumes, for specific vacancies in addition to but not to replace the employment application. This approval should be made in advance of and stated in the job posting itself.

5. If a vacant position is re-posted prior to interviews, all applications for both posting periods will be considered so long as there is no change in the job duties or qualifications.
   a. If such changes are made, applicants who responded to the original posting must be notified that they must re-apply to be considered.

   d. In excessively large interview pools, interviews may be limited to a subset of the applicants referred where a clear distinction in the applicant pool is evident and documented.

H. Organizational Unit Screening

1. Screening is based on duties, requirements, and minimum and preferred qualifications as stated in the vacancy posting.

g. An employee serving on a selection panel must have completed Lawful Interviewing Training (and/or refresher) or equivalent approved by Human Resources or receives written approval from the Director of Human Resources.

h. It is the responsibility of the selection panel to interview the applicants referred.

i. A standard set of questions to ask each candidate must be developed by the appointing authority, Human Resources Officer, or the panel.

ii. These questions may come from the interview question bank established by Human Resources.

j. After the interview process, the panel should provide a written recommendation in alphabetical order of three applicants or less to the appointing authority. There may be exceptional cases when it is appropriate to recommend a fourth applicant due to the competitiveness of the process (e.g., large applicant pool and/or difficulty in selecting among highly qualified candidates).

k. If the panel cannot recommend any applicants, then the position must be re-posted or filled through another option that is approved by the Director of Human Resources or designee.

l. The chairperson of the selection panel will be responsible for returning all records and material of the selection panel to the appointing authority or HRO. This includes all applications, resumes, supporting documents, interview notes, Evaluation forms, and other materials used by any panel member during the interview or deliberation.

m. The appointing authority or designee, upon receiving the recommended names, will interview all of the recommended candidates and make a decision either to select one of the recommended candidates or not to proceed with that applicant pool. The appointing authority may wish to utilize a second panel for the finalist interview and accept their recommendation.

n. Human Resources Officers must update RMS indicating the applicants interviewed and the person selected for the position.

14. Appointing Authority or Designee Interview

applicants or the type of position and may be utilized after receipt of written approval from the Director of Human Resources or designee.

Note: In cases where the panel interview has been waived, the appointing authority interview should be comprised of a diverse panel of three to five members.

c. It is the responsibility of the appointing authority or designee to interview the applicants referred.

d. A standard set of questions to ask each candidate must be developed by the appointing authority or the Human Resources Officer. The Human Resources Officer should review the interview questions to be used prior to the interviews being conducted.

e. The Human Resources office must update RMS indicating the applicants interviewed and the person selected for the position.

K. Appointment to Positions

1. Selecting Finalist
   a. The appointing authority or designee must select the applicant recommended for hire (finalist) based on the eligibility, interviews, related education and experience, related KSAs, panel recommendation (if applicable), references, and, if available for DOC employees, performance evaluations, active disciplinary actions, and recommendations.
   b. For any position physically located at a facility that have two reporting lines - to the Facility Unit Head and other units and divisions, including Health Services, Agribusiness, Environmental Services, and Correctional Education - the Facility Unit Head must approve finalists before a verbal or written offer can be extended.

2. Background investigations must be completed for all applicants recommended for hire (finalists) in accordance with Operating Procedure 102.3, Background Investigation Program.
   a. The Organizational Unit Head should review the Background Investigation Questionnaire (BIQ) 102_F2 and VCIN report for information that would require further inquiry including but not limited to the following: gang affiliation, criminal convictions, offender visitation, driving convictions, tattoos etc. This information and potential impact of selection should be evaluated on a case by case basis in consultation with Human Resources and appropriate Regional Operations Chief.
   b. Once the Organizational Unit Head reviews and approves the information from the BIQ and VCIN, a conditional offer of employment may be made.
   c. Employees who are selected for transfer, promotion or for advancement to a higher position in a pay band will be subject to a criminal records check. Transfer or promotion may be denied based on information obtained during this records check.
   d. A conditional offer of employment may be extended prior to receiving the results of the full and complete background investigation. The conditional offer is a bona fide offer of employment, contingent upon approval of the full and complete background.

3. Drug tests are required on all potential new hires or rehires. A conditional offer of employment may be extended prior to receiving the drug test results. The conditional offer is a bona fide offer of employment, contingent upon the employee’s negative drug test.

4. Employment physicals, for those positions requiring physicals as part of the selection process, must be given to all potential employees and may only be done after a conditional offer of employment is extended. The conditional offer is a bona fide offer of employment, contingent upon the employee’s ability to perform the essential functions of the job.

5. Human Resources Officers must update RMS indicating the applicants interviewed and the person selected for the position.

6. Appropriate communications should be made to those interviewed but not selected. Internal
candidates should be notified verbally. All other candidates can be notified utilizing RMS or written communication.

   a. There can be no pre-determined agreement or date for a retired employee to return to part-time employment, nor can an employee have the exact duties or work hours assigned before retirement.
   b. The exact duties restriction can be alleviated by reducing the number of hours the employee works by 20%. This means that if the employee is working in a wage position and works 1500 hours or less over a one year period, even performing the same duties, the employee is not doing the same duties because the number of hours has been reduced.

L. Employment of Ex-Offenders

1. It is the policy of the DOC to support and encourage all other employers to hire eligible, qualified ex-offenders, and to set an example by hiring ex-offenders for any non-sensitive positions for which they are among the best suited applicants. (4-4055, 4-ACRS-7E-06, 4-APPFS-3E-07; 2-CO-1C-10) (Title VII of the Civil Rights Act, 1964, prohibits discrimination or elimination of applicants by reason of past criminal behavior alone, and requires each employer to evaluate each applicant and the applicant's past record against the job to be performed.)
   a. Ex-offenders will have to go through the normal employment process to be considered for salaried positions.
   b. Employment can be denied to any person whose past conviction is either recent or related to the type of position for which the person is applying.

Headquarters positions.
b. Each Unit Head and Region will evaluate potential candidates who are ex-offenders and may encourage employees to suggest ex-offenders who they have supervised for consideration.

Employment offers to any persons with misdemeanor convictions for any field position require prior approval from the appropriate Regional Administrator and notification to the Regional Operations Chief. Employment offers to an ex-offender for any field position or Headquarters position require the prior approval of the Director, the Chief of Corrections Operations, or a Deputy Director. This management authority must make each hiring decision on a case-by-case basis, taking into consideration the following factors:
   a. Nature of the offense in relation to the duties of the position including eligibility for employment based on criminal convictions or adjudications while incarcerated
   b. Length of time since conviction, and indicators of stability and reliability
   c. Relationship of position to the security of persons committed to DOC care
   d. Relationship of the ex-offender to other offenders with whom the ex-offender might have contact during work
   e. Relationship of the ex-offender to employees by whom the ex-offender may have been supervised while in the care of the DOC
   f. Behavior of the ex-offender toward the DOC during any period of incarceration
   g. Confidential and sensitive records and information to which the ex-offender may have access if employed
   h. Potential results if an ex-offender commits another crime or takes advantage of their position, while employed by the DOC
   i. Restrictions or conditions imposed on the ex-offender that would interfere with proper performance of duty (e.g., restrictions on carrying firearms)

   c. Applicants who are not selected should be informed verbally (if internal) or through RMS (if external) before the announcement is made as to who was selected.

2. Offer-of-Employment Letters
   a. Employment offers should be made in writing and follow the guidelines outlined by DOC and DHRM policies and procedures.
   b. Classified state employees are not employed by contracts either expressed or implied but employed pursuant to the Code of Virginia and applicable personnel policies and regulations.

f. If the offer of employment is conditional, the offer letter must identify the condition(s) to be met by the employee.

g. If candidates accept the position and agree to the terms of employment they must sign and date a letter of offer that is a binding agreement.

N. The Human Resource Director may grant waivers to the provisions of this operating procedure as necessary for agency business needs.

O. Voiding the Selection Process

1. Prior to the position being offered, the incumbent or former incumbent may request to withdraw their resignation, provided it is within thirty days of the separation.

2. The Organizational Unit Head may either deny the request for withdrawal or grant the request for withdrawal.

3. If the request for withdrawal is granted, the selection process shall be voided at its current stage and all candidates will be informed.

P. Record Keeping and Documentation

1. It is the responsibility of the HRO or appointing authority to maintain all selection process records for the organizational unit for a period of three years from the closing date of the posting in RMS.
