2. The primary purpose of the *Presentence Report* is to provide the Court with offender information so it may determine the most appropriate disposition.
a. Institutions use the report in classifying and developing re-entry plans for offenders, the Parole Board uses the report in considering offenders for parole, and Community Corrections personnel use the report in the performance of their duties.

b. A Presentence Report is not to be prepared unless ordered by the Court.

c. Where the Court allows recommendations, the P&P Officer may identify possible special conditions during the presentence investigation. (4-APPFS-1B-05)
   i. Based on a professional analysis of the verified information, the reports should include recommendations or information about sentencing options or sanctions other than incarceration for which the offender is eligible and special conditions of supervision. (4-APPFS-1B-06)
   ii. These conditions may be listed in the Community Resources section of the Presentence Report or attached as statements of possible eligibility for programs.

3. It is the responsibility of the investigating P&P Officer to interview the offender, gather, verify, and carefully evaluate pertinent information from social agencies, law enforcement agencies, the defendant’s family, employers, etc. Other authorized staff may collect some of the raw data for the Presentence Report.

   a. Completion of the Victim Impact Statement may involve interviewing the victim to obtain pertinent information for the Court.
   b. The Victim Impact Statement may also be utilized by the Criminal Injuries Compensation Fund for victim’s compensation claims.

7. If it becomes necessary to gather information from another P&P Office, a request for the information should be made by electronic mail or other suitable method.

8. The completed Presentence Report must be LOCKED in VACORIS using the submit button before being submitted to the sentencing Judge, Commonwealth’s Attorney, and Defense Attorney at least five days prior to the sentencing hearing unless waived by the Judge. (4-APPFS-1B-02) A Presentence Report cannot be edited once it is completed; corrections and changes must be made by creating an Addendum (see Attachment 4 for sample)

2. Sentencing Guidelines are normally prepared in conjunction with a Presentence Report or as requested by the Court. When a Presentence Report is not prepared, the Commonwealth’s Attorney should be encouraged to prepare Sentencing Guidelines for the Court.

D. Drug Screening, Assessment, Testing, and Treatment

1. All non-capital felony offenders and specified misdemeanant offenders whose offense occurred after January 1, 2000 will be screened and, if indicated or ordered, assessed for substance abuse. Screenings and assessments will be conducted in accordance with local unit practice.

NOTE: Officers should check if Federal confidentiality rules (42 CFR part 2) apply in the case of some substance abuse treatment or mental health information.

7. No report from the PMP requested by an Officer’s investigation shall be a part of any offender case file records and may not be retained beyond the time needed to implement any prescribed case management strategy as a result of a need identified by the information.
