DEFINITIONS

Abuse - The improper act or treatment of an individual that directly or indirectly causes physical, financial, mental, or emotional injury to the individual. Mental or emotional injury may be inferred by the nature and/or circumstances of the act.

Fraternization - Employee association with inmates/probationers/parolees, their family members, or close friends of inmates/probationers/parolees, outside of employee job functions, that extends to unacceptable, unprofessional and prohibited behavior; examples include non-work related visits between inmates/probationers/parolees and employees, non-work related relationships with family members or close friends of inmates/probationers/parolees, connections on social media, discussing employee personal matters (marriage, children, work, etc.) with inmates/probationers/parolees, and engaging in romantic or sexual relationships with inmates/probationers/parolees.

Hazing - Oppression, punishment or harassment by forcing or requiring performance of unnecessary work or disciplining by means of horseplay, practical jokes and tricks, often in the nature of humiliating or painful ordeals. (2-CI-5A-2)

Healing Environment - A work environment purposefully created by the way we work together and treat each other, encouraging all to use their initiative to make positive, progressive changes to improve lives. It is safe, respectful, and ethical where people are both supported and challenged to be accountable for their actions.

Inmate and Probationer/Parolee - A person who is serving a state responsible sentence or under community supervision with the Virginia Department of Corrections or other release authority.

Sexual Misconduct - Any behavior or act of a sexual nature directed toward an inmate/probationer/parolee or an employee by an employee, volunteer, contractor, visitor, or agency representative; this includes but is not limited to acts or attempts to commit such acts of sexual assault, sexual abuse, sexual harassment, sexual contact, conduct of a sexual nature or implication, obscenity, and unreasonable invasion of privacy. Sexual misconduct includes but is not limited to conversations or correspondence that suggests a sexual relationship between an inmate/probationer/parolee and any party mentioned above. A violation of Operating Procedure 135.3, Standards of Ethics and Conflict of Interest, relating to consensual personal relationships/sexual harassment in the workplace may also constitute sexual misconduct.

Work Release Employee - A person employed by the Department of Corrections as either a wage employee or through a staffing agency while incarcerated, including home electronic monitoring, in a Virginia Department of Corrections or local jail facility.
PURPOSE
This operating procedure establishes rules of conduct that employees will observe when interacting with inmates and probationers/parolees under the direct supervision of the Virginia Department of Corrections (DOC). The procedure also provides guidance to prevent the abuse of inmates and probationers/parolees.

PROCEDURE
I. Applicability
   A. All persons who are paid by the DOC on an hourly, salaried, or contractual basis, or who are paid by another state agency for working in a position within a DOC unit, and volunteers who provide services to inmates and probationers/parolees are expected to provide a positive role model for inmates and probationers/parolees, and a safe, secure, healing environment for employees, inmates and probationers/parolees by acting in accordance with this operating procedure.
   B. The Organizational Unit Head will ensure compliance and enforcement of this operating procedure at the unit level.
   C. Attachment 1 of this operating procedure, *Fraternization Awareness and Prevention*, should be provided to all new employees, volunteers, contract workers, and others who may have recurring contact with inmates and probationers/parolees.

II. Professional Conduct
   A. Employees of the DOC will exercise professional conduct when dealing with inmates or probationers/parolees to ensure the security and integrity of the correctional process and to promote a Healing Environment within the DOC. Employees are expected to model the Healing Environment in order to promote positive growth for staff, inmates, and probationers/parolees and create a culture that supports re-entry and public safety.
   B. Abuse of Employment Status - Employees will not use their official status as employees of the DOC as a means to establish social interactions or business relationships not directly related to DOC business. (4-APPFS-3C-02)
   C. Vigilance
      1. Employees are expected to be alert to detect and prevent escapes from custody or supervision, or violations of DOC operating procedures.
      2. Observed incidents or suspicions of planned incidents must be reported to the employee's supervisor or the appropriate officer in accordance with established procedures.
   D. Professional Appearance
      1. All employees should maintain a professional appearance and demeanor at all times and avoid actions or behaviors that could lead to the perception of fraternization or indicate an inappropriate relationship.
      2. See Attachment 1, *Fraternization Awareness & Prevention*, for examples of “red flags” or behaviors that could signal inappropriate boundaries or relationships between employees, inmates, and probationers/parolees.
   E. Confidential Information
      1. Information pertaining to the record, offense, personal history, medical or mental health information, or private affairs of inmates and probationers/parolees is for official use only.
      2. Employees will seek to obtain such information only as needed for the performance of official DOC duties, will not access or discuss such information except as required in the performance of official duties, and will take necessary precautions to protect the security and confidentiality of inmate and probationer/parolee records and information; see Operating Procedures 050.1, *Offender Records*
F. Interactions

1. While performing their job duties, employees must model a professional, healing, and supportive relationship when interacting with persons under DOC supervision, which involves respecting the rights of inmates and probationers/parolees as individuals, acting in a trustworthy and responsible manner, helping and supporting inmates, probationers/parolees, and other staff members to the extent possible and ensuring that the employee’s conduct does not harm others.

2. Employees must work towards the goal of improved public safety and the successful transformation and reintegration of those entrusted to the Department’s care, while maintaining a suitably professional detachment to ensure that personal and professional identities are not blurred.

3. Employees are encouraged to interact with inmates and probationers/parolees on an individual and professional level while maintaining and reinforcing appropriate professional boundaries to promote and accomplish DOC goals.

G. Interactions with co-workers who are ex-inmates or probationers/parolees

1. If the co-worker has been released from DOC custody or terminated from supervision, whichever occurs last, for more than 180 days, there are no restrictions on relationships with the individual that would not apply to all employees.

2. If the co-worker is known to be under DOC supervision or within 180 days following discharge from DOC custody or termination from supervision, whichever occurs last, interactions will be limited to appropriate professional boundaries and support as outlined below.

3. The same limitations apply to work release employees under the supervision of the General Services Unit at DOC Headquarters.

4. Professional relationships within appropriate boundaries may include:
   a. Requests for assistance (such as needing an employment reference)
   b. The inmate or probationer/parolee reporting re-entry progress to the employee
   c. Casual, unplanned meetings with the inmate or probationer/parolee, close friends of the inmate or probationer/parolee, or members of the inmate’s or probationer’s/parolee’s family that occur in public and where appropriate boundaries are maintained
   d. Engaging in peer support activities such as going to an event or meeting
   e. In all such situations, the employee must report such contact to their supervisor or Organizational Unit Head on the same or next business day.

5. If an employee does not know and reasonably should not have known that a co-worker is under DOC supervision or within 180 days following discharge from DOC custody or termination from supervision, whichever occurs last, the employee is not guilty of fraternization for relationships with the individual that would be appropriate for all employees.

H. Courtesy and Respect

1. At all times, employees should be respectful, polite, and courteous in their communication and interaction with inmates and probationers/parolees, as well as with citizens and other employees.

2. Such practices are primary factors in providing a Healing Environment for effectively engaging others, resolving issues, maintaining order, control, good discipline, and redirecting behavior to a more positive result.

I. Humane Treatment (5-ACI-3D-08; 2-CI-5A-2)

1. Inmates and probationers/parolees must be treated humanely.

2. Abuse or any form of corporal punishment or hazing is prohibited.

2. Termination will be the presumptive disciplinary sanction for employees who have engaged in sexual abuse. (§115.76[b], §115.276[b])

3. Disciplinary sanctions for violations of DOC policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) will be commensurate with the nature and circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. (§115.76[c], §115.276[c])

4. All terminations for violations of DOC sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation, must be reported to any relevant licensing bodies by the DOC PREA Coordinator, and to law enforcement agencies, unless the activity was clearly not criminal. (§115.76[d], §115.276[d])

5. Any contractor or volunteer who engages in sexual abuse of inmates or probationers/parolees must be prohibited from contact with inmates or probationers/parolees and must be reported to any relevant licensing bodies by the DOC PREA Coordinator, and to law enforcement agencies, unless the activity was clearly not criminal. (§115.77[a], §115.277[a]) The DOC will take appropriate remedial measures, and will consider whether to prohibit further contact with inmates and probationers/parolees, in the case of any other violation of DOC sexual abuse or sexual harassment policies by a contractor or volunteer. (§115.77[b], §115.277[b])

6. A preponderance of the evidence will be adequate in determining whether allegations of sexual abuse or sexual harassment are substantiated. (§115.72, §115.272)

2. This action should normally be treated as a Group III offense under Operating Procedure 135.1, Standards of Conduct, unless surrounding circumstances and mitigating factors are present that warrant a reduction in the disciplinary action.
   a. Professional relationships with appropriate boundaries may exist within this timeframe such as:
      i. Calls for assistance, such as needing a reference.
      ii. The inmate or probationer/parolee reporting re-entry progress to the employee.
      iii. Incidental encounters between employees and inmates or probationers/parolees or members of the inmate’s or probationer’s/parolee’s families that occur in a public setting where professional boundaries are maintained.
      iv. Engaging in activities such as going to an event or meeting, directly related to the successful reentry of the inmate or probationer/parolee.
   b. In all such situations, the employee must report such contact to their supervisor or Organizational Unit Head on the same or next business day.

B. Exception - Any family relationship or pre-existing non-professional relationship (established friendship, prior working relationship, neighbor, etc.) between employees and inmates or probationers/parolees, including when the inmate or probationer/parolee is within 180 days following their discharge from DOC custody or termination from supervision, whichever occurs last, must be reported to the Organizational Unit Head.

2. The Regional Operations Chief, Chief of Corrections Operations, or appropriate Deputy Director, dependent upon the employee’s work location, has final authority in these matters.

3. The relationship and guidance on future contacts must be documented in VACORIS Case Notes.

C. Improprieties - Associations between staff and inmates or probationers/parolees that may compromise security, or undermine the employee’s ability to carry out their responsibilities may be treated as a Group III offense under Operating Procedure 135.1, Standards of Conduct.

D. Special Privileges - Employees will not extend or promise an inmate or probationer/parolee special privileges or favors not available to all persons similarly supervised, except as provided for through official DOC channels.

E. Visitation

1. Non-job related visitations between employees and inmates or probationers/parolees, or families of inmates or probationers/parolees, are only permitted upon showing a good cause with the explicit written permission of the Regional Operations Chief of the region(s) involved, e.g., approved research as part of an educational program. F. Inmate and Probationer/Parolee Abuse Prevention

1. Any employee who physically or verbally abuses any inmate or probationer/parolee, or a supervisor who observes the behavior and fails to hold an employee responsible, may be subject to disciplinary action up to a Group III under Operating Procedure 135.1, Standards of Conduct. Unprofessional conduct, regardless of intent, that results in assault and/or battery of an inmate or probationer/parolee must be reported immediately to the Organizational Unit Head or Administrative Duty Officer.

2. No one will cause or permit any inmate or probationer/parolee to perform personal services for staff or any individual. Inmates and probationers/parolees may be required to clean and provide normal sanitary functions within the facility as a function of their assigned job. Neither inmates nor probationers/parolees will maintain or repair any employee’s personal property, unless as a part of a program or activity that is otherwise approved by the DOC.

3. Physical contact with inmates or probationers/parolees must be conducted in a professional manner using the minimum amount of force necessary to provide appropriate apprehension, intervention, and control as needed to protect the inmate or probationer/parolee, staff, the general public, and to maintain a safe and secure environment.

   b. If the initial monitoring indicates a continuing need, designated staff will continue monitoring beyond 90 days and notify the unit PREA Compliance Manager.
