PURPOSE

This operating procedure ensures that all persons working in Department of Corrections (DOC) units receive high quality, work-related training including basic skills, in-service, and staff development.

PROCEDURE

I. Training Responsibilities

A. The Academy for Staff Development (ASD) will:

1. Ensure employee training and development activities are consistent with the current and projected needs of the DOC and that training resources are most effectively used to promote the mission, goals, and objectives of the DOC.
2. Ensure that all DOC managers and employees are advised of established training requirements; that provisions are made to meet training requirements including staff development and in-service training; and that employees are advised of the programs available to meet these requirements (4-4048; 1-CTA-1C-01)
3. Coordinate appropriate needs assessments and training design and development activities to ensure high quality, job-related training programs to address established learning objectives.
4. Administer the process to properly document training program content and employee training participation.
5. Provide official training documentation to Department of Criminal Justice Services (DCJS) including training schedules, mandated training curricula, required employee status information, and other program changes.
6. Ensure that the Academy for Staff Development campuses and all academy satellite-training facilities meet DCJS academy certification standards.
7. Represent the DOC and provide input into the formulation of all training rules promulgated by DCJS, American Correctional Association (ACA), and other state/federal agencies.

B. Satellite Academies will:

1. Maintain a training record file for each employee of the facility where the Satellite Academy is located. A region may require satellite academies within the region to maintain a duplicate training file for each employee of the Field Units and Community Corrections Facilities for which the satellite academy is the primary training provider.
2. Maintain class folders, agendas, tests, and other documentation identified by the ASD or mandated by DCJS/ACA.
3. Maintain a master copy of all trainer and participant lesson plans used.
4. All DOC Field training should be properly and completely documented and submitted to the ASD Registrar's Office within 30 days after completion of the program to receive the appropriate training credit.
5. The organizational unit head is designated by the Training Director to approve training credit for non-DOC courses of twenty hours or less under the conditions listed below, see *Training Credit Section* of Operating Procedure 350.1, *Training Administration*.
 - a. Total training credit approved for an employee by the unit head may not exceed twenty hours per calendar year.
 - b. The unit head may not approve training credit for any portion of mandated training or for any portion of specific programs required by DOC.
 - c. The organizational unit head will complete the *Training Credit Approval 350_F1* with attachments and submit to the ASD Training Director's office within 30 days of the training.

C. Field Units and Community Corrections facilities will:

1. Maintain a training record file for each employee of the facility.
2. Forward copies of any training documentation received directly from the ASD, other satellite academies, or special training sessions to the satellite academy that is the primary training provider, if the ITO requires satellite academies to maintain duplicate training files for Field Unit and Community Corrections facility employees.

D. Organizational Unit Responsibilities

1. The organizational unit head has primary responsibility to identify and satisfy organizational training needs and to ensure that employees satisfy training mandates and requirements.
 2. For security employees covered by DCJS, the HRO or designee will generate and submit Attachment 1, *Initial Appointment DCJS Form 21* or Attachment 2, *Employment Update DCJS Form 31*, as appropriate, to the ASD within 10 days of a personnel action. Note: Time frame specified by DCJS.
 - a. For lateral transfers, the *Form 31* will be generated and submitted by the HRO or designee of the facility from which the employee is transferring.
 - b. For transfers resulting from a promotion, it will be the responsibility of the receiving facility's HRO or designee to forward the *Form 31* indicating the promotion in rank to the ASD within 10 days from the date of promotion.
 3. Virginia Learning Center (VLC) accounts are automatically created for state employees through an interface with HR information systems, generally within 10 workdays. For non-state employees, the unit head or designee will ensure that they are registered within 10 workdays so that they can begin registering for required training.
 4. Supervisors and employees are jointly responsible for ensuring that employees complete training requirements established for their respective positions.
 5. Supervisors will ensure that employees are aware of and understand their training requirements and will arrange work schedules to enable employees to attend the appropriate training. Supervisors are strongly encouraged to develop individual employee development plans using the Employee Work Profile (EWP) to record and document these plans.
 6. Whenever possible, employee work schedules will be managed to provide required training within the allotted number of work hours. The DOC unit will be responsible for costs to reimburse staff for their time when training is conducted during off-duty hours. (5-ACI-1D-09)
 7. Non-exempt employees may voluntarily attend training (in-person or virtual) on their rest days without incurring any compensation liability to the DOC if all the following conditions are met:
 - a. Attendance at training is outside the employee's regular work schedule. This includes rest days or workdays accounted for by annual leave approved in advance.
 - b. Attendance at training is elective or voluntary. This criteria specifically excludes any basic skills or in-service training directly related to the employee's current position and any training for which completion is a requirement of an employee to keep their employment with the DOC. This criteria includes training that only incidentally improves the employee's skill in doing their current job or that gives new skills that could be used in any number of jobs within the agency.
 - c. Attendance time does not include the performance of any productive work.
- E. DOC employees who coordinate or deliver training programs will work in conjunction with the appropriate ASD training supervisor or designee to schedule programs based on the identified method of delivery. All programs presented must meet DOC procedures and guidelines for proper documentation, and training credit approval.

II. Attendance, Behavior, and Remedial Testing

- A. Daily class attendance will be recorded, certified as accurate by the instructor, and maintained as required by document retention regulations.
1. Participants attending training, in-person and virtual, are required to be present for all classes and may not be placed on duty or on call except in cases of emergency.
 2. In the event a participant does not complete training in its entirety, a *Missed/Made Up Training Incident Report 350_F19* must be generated. Absences will be appropriately documented on the roster. Participants will be responsible for any material missed during an absence.
- B. Participants in all ASD training programs are expected to reflect professionalism by dressing appropriately for all training and/or while on Academy grounds. The following are considered appropriate:
1. Professional or office casual dress appropriate for the season; Security personnel may wear DOC uniforms.
 2. Basic Corrections Officer students will wear DOC uniforms in accordance with standards.
 3. For activities such as physical training, defensive tactics, and range activities, other appropriate clothing may be worn in accordance with guidance from the program instructor.
 4. Participants will not wear clothing of style, color, or construction similar to inmate clothing i.e., orange shirts.
 5. Noncompliance with dress code may result in participants being dismissed from training.
- C. Academy rules and regulations will be distributed to participants through program orientation and the *Academy Participants Guide*. A copy of the Participant Guide may be obtained from the Housing Supervisor.
1. Operating Procedure 135.1, *Standards of Conduct*, will govern DOC employees. Department of Human Resources Management (DHRM) Policy 1.60, *Standards of Conduct*, will govern all outside participants employed by the Commonwealth of Virginia.
 2. All violations that may be criminal in nature will be reported immediately to the Training Director, or designee. The Training Director, or designee, will contact the DOC Special Investigations Unit or local law enforcement authorities.
 3. Minor violations of ASD rules and regulations should be addressed by the observing ASD staff member. If the violation is not corrected, the observing Academy staff member will notify the Trainer or Training Supervisor responsible for the activity the participant is attending.
 4. All training participants staying in ASD housing will be provided a copy of Attachment 5, *Housing Rules, and Regulations* upon check-in.
 5. Academy staff that observe or become aware of a major violation of ASD rules and regulations will advise their supervisor immediately and complete an *ASD Incident Report 350_F23*.
- D. The ASD will be responsible for procedures on testing, retesting, evaluation of performance, and minimum acceptable performance standards and requirements for training conducted by the DOC. Pass/Fail criteria should be established for all written and skill performance tests. Participants are to be advised of the criteria.
1. Failure to pass any portion of a program in three attempts will be documented on a *Missed/Made Up Training Incident Report 350_F19* that will include recycle requirements.
 2. Exceptions may be granted by the Training Director, or designee.

Request for extension of the established timeframes and exemptions from specific training requirements must be submitted to the Training Director or designee using a *DCJS/ACA Training Extension Request TE2 350_F24* or *DCJS/ACA Training Extension Request TE2 350_F24a*. Training extension requests should be submitted 30 days prior to expiration.
- B. A training extension is an additional period of time, beyond the deadline established in procedure, for an employee to complete training.
 - 1. In order to receive an extension, the employee must demonstrate a need that limits their ability to complete the training program within the established timeframe.
 - 2. If approved, an extension will be in effect for a specific period of time; the employee must complete the training by the date the extension expires.
- C. Types of Extensions:

2. DOC Training Extension

- a. All DOC employees have training requirements with established timeframes for completion.
- b. These requirements are outlined in the *Training Matrix* located on the Academy for Staff Development's iDOC page.
- c. If an employee, due to extenuating circumstances, cannot complete mandated training by the set deadline, the employee may request an extension of that deadline following the appropriate approval path as shown in Attachment 3, *Training Extension Process*.
- d. Factors that would warrant consideration are the same as those listed above for granting of a DCJS training extension.
- e. The process for requesting a training extension for DOC employees is outlined in the flow chart in the *Training Extension Process*.

D. Types of Exemptions (Waivers)

1. DCJS Exemption from Compulsory Minimum Training Standards

 - ii. Copies of this form can be obtained from ASD.
 - iii. The request must include sufficient information about the employment background, training history, and current duties of the employee in question in order for the exemption application to be completed and forwarded to DCJS.

2. DOC Training Exemption (Waiver)

- a. Mandatory Training Requirements for DOC employees can be waived under certain circumstances.
- b. All exemptions (waivers) must be approved by the Training Director.
- c. Factors that would warrant consideration to grant an exemption include:
 - i. The employee has completed this training within the past three years and can demonstrate knowledge of the content when tested.
 - ii. The employee has extensive work experience performing the same or similar job duties (employee may be required to demonstrate knowledge and/or skills in the content through testing).
 - iii. The employee will not be required, in the performance of his or her job, to perform all or a portion of the duties addressed in the training.
 - iv. The employee has completed specialized training as part of a professional license or certification (determined on a case-by-case basis).

3. The process to request an exemption from DCJS mandated training or non-DCJS, DOC required training is outlined in the flow chart, see Attachment 4, *Training Exemption Process*.

VI. Basic Skills Training
