PURPOSE
This operating procedure provides for the assignment of inmates housed in Department of Corrections (DOC) institutions to Restorative Housing Units, establishes the minimum standards for the operation of these units and for the care and custody of the inmates and will serve as the Facility Unit Head’s procedure and process, approved by the Director, to transition an inmate placed in the Restorative Housing Unit out of the unit and back to full privilege general population.

PROCEDURE
I. Restorative Housing Units
   A. This operating procedure provides inmates with information on the operation of Restorative Housing Units and for the supervision of inmates under Restorative Housing (RHU), and Step-down (SD-1 and SD-2) statuses; see Operating Procedure 425.4, Management of Bed and Cell Assignments (Restricted), for security considerations relating to Restorative Housing Units. (5-ACI-4A-04, 5-ACI-4B-03)

   B. Security Level W institutions, Security Level 1 institutions, Baskerville Correctional Center, and Deerfield Correctional Center do not have a Restorative Housing Unit.
      1. When warranted, inmates will be expeditiously transferred to the designated parent/host institution for placement in the Restorative Housing Unit.
      2. The Shift Commander or a higher authority may authorize the use of restraints and/or placement of an inmate in a holding cell pending transfer to the designated parent/host institution.

   D. Restorative Housing Units at institutions designated to house multiple security level inmates will operate in accordance with Attachment 1, Restorative Housing Operating Level Designation.

   E. In the event of a widespread institutional disruption, natural disaster, or other unusual occurrence that requires emergency action, the Facility Unit Head may temporarily suspend any or all portions of this operating procedure.
      1. Inmates involved in the emergency may be detained without being served an Institutional Classification Authority Hearing Notification or conducting an ICA Hearing throughout the course of the emergency.
      2. Upon restoration of institutional order, all detained inmates will be subject to ICA and other reviews in accordance with this operating procedure.

II. Restorative Housing Unit and Initial Inmate Placement
   A. Cool-Down Spaces
      1. Cool-down spaces provide inmates with a safe and secure place in general population without the use of the additional resources required by placing the inmate in a Restorative Housing Unit.
      2. When appropriate, staff can utilize the institution’s cool-down space to manage an inmate during a potentially disruptive situation as an alternative to placement in the Restorative Housing Unit; see Attachment 1, Cool Down Space Operations Plan.

   B. Restorative Housing Units provide for personal protection and custodial management measures, exercised for the welfare of the inmate, the institution, or both and staff will not place an inmate in the Restorative Housing Unit as punishment. The goals of a Restorative Housing Unit are to: (5-ACI-4B-02)
      1. Manage inmates in a safe and secure manner.
      2. Provide a consistent, systems approach to the operation of Restorative Housing Units in all institutions.
to maximize positive outcomes in inmate adjustment.

3. Provide opportunities for inmates to increase their likelihood for success in a full privilege general population.

C. Only the Shift Commander or above has the authority to authorize an inmate’s placement in the Restorative Housing Unit.

1. Staff, such as but not limited to a Corrections Officer, Investigator, Mental Health Clinician, or Health Authority may, when warranted, refer an inmate to the Restorative Housing Unit.

2. The Shift Commander will meet with the referring staff member and the inmate to decide whether to place the inmate in the Restorative Housing Unit or return the inmate to general population.

3. The Shift Commander will only place inmates in a Restorative Housing Unit when:
   a. An inmate voluntarily requests placement for their personal protection.
   b. An inmate needs placement for their personal protection.
   c. An inmate’s placement is necessary to prevent imminent threat of physical harm to the inmate or others.
   d. An inmate’s behavior threatens the orderly operation of the institution.

4. If the inmate is making an informed voluntary request for Restorative Housing Unit placement, the inmate must complete an *Informed Voluntary Request for Restorative Housing Unit* 841_F28. (5-ACI-4A-05)
   a. When an inmate requests placement in the Restorative Housing Unit for their personal protection the institution bears the burden of establishing a basis for refusing the inmate’s request.
   b. Inmates in the Restorative Housing Unit because they voluntarily requested placement for their personal protection may voluntarily refuse continued placement in the Restorative Housing Unit and will document their refusal on the *Informed Voluntary Request for Restorative Housing Unit* 841_F28.
   c. The MDT will review all inmates requesting placement in the Restorative Housing Unit for their own protection for assignment to Protective Custody.

5. Staff must provide inmates in the Restorative Housing Unit for their own protection who are subject to removal from the Restorative Housing Unit, not by their own request, with a timely and meaningful opportunity to contest their removal.
   a. Any inmate may contest their removal from the Restorative Housing Unit by submitting a *Written Complaint* 866_F3 directly to the Facility Unit Head.
   b. Once an inmate submits a *Written Complaint* 866_F3, staff must not move the inmate from the Restorative Housing Unit until the Facility Unit Head responds to the inmate’s *Written Complaint* 866_F3.
   c. Staff must contact the Institutional Ombudsman immediately prior to removing an inmate from the Restorative Housing Unit to determine if the inmate submitted a *Written Complaint* 866_F3 and whether the Facility Unit Head responded to the inmate’s complaint.
   d. The Facility Unit Head’s response will determine if the inmate is to be removed or if the inmate can remain in the Restorative Housing.

6. The Shift Commander must not place an inmate identified as High Risk Sexual Victim (HRSV) or alleged to have suffered sexual abuse or sexual harassment in the Restorative Housing Unit without the inmate’s consent unless an assessment of all available alternatives has been made, and the Mental Health Clinician in consultation with the Shift Commander and Regional PREA Analyst has determined that there are no available alternative means of separation from likely abusers.

D. The Shift Commander will assign the inmate to an appropriate housing status as follows:

1. When an inmate is removed from general population and placed in the Restorative Housing Unit for
IV. Operating Procedure

D. Inmate Classification

B. Restorative Housing Unit

1. When an inmate is removed from general population and placed in the Restorative Housing Unit with the inmate’s informed and voluntary request for personal protection or when the inmate needs such confinement for their protection, the Shift Commander or above will assign the inmate to RHU status when there is no other alternative to ensure the safety and security of the inmate. (5-ACI-4B-02)

III. Restorative Housing Unit Assignment Mental Health and Medical Reviews

A. Qualified health care personnel will conduct an assessment per protocols established by the Health Authority. This assessment will determine the impact on any medical conditions exhibited by the inmate and the possible alternatives that may be available to compensate for such conditions. (5-ACI-4A-01, 5-ACI-4B-28)

B. A Mental Health Clinician will screen the inmate before the inmate’s placement or within one working day after placement in the Restorative Housing Unit to evaluate the impact an inmate’s assignment to RHU status will have on the mental health conditions exhibited by the inmate. (5-ACI-4B-10)

C. Health Care or health trained staff, at institutions without a Mental Health Clinician, should interview the inmate within one working day after placement in the Restorative Housing Unit.

IV. Inmate Classification Reviews

A. The Facility Unit Head or other Administrative Duty Officer, not involved in the initial placement, must review the inmate’s assignment to RHU status within 24 hours of to determine if the placement is warranted. The Facility Unit Head or other Administrative Duty Officer can either approve the inmate’s assignment to RHU status or return the inmate to their previous status. (5-ACI-4B-02)

B. The MDT conducts all ICA hearings to review inmates assigned to the Restorative Housing Units and will make a recommendation concerning the inmate’s transitional action plan as well as the inmate’s security level, good time class level, transfer, etc. (5-ACI-4B-31)

C. Within three working days of an inmate’s initial assignment to RHU status, the MDT will review all available, relevant information and will conduct a formal ICA hearing to:

1. Determine if the inmate can return to their previous status (general population or step-down), another appropriate internal status in the Restorative Housing Unit, or if the inmate will remain on RHU status.

2. Develop an initial transitional action plan if the inmate will remain on RHU status to transition the inmate out of the Restorative Housing Unit as soon as safely possible.

3. Review all SMI inmates and determine if each inmate can be released to full privilege general population or be assigned to SD-1 or SD-2 status at their current institution within 28 days of their initial assignment to RHU status. (5-ACI-4B-30)

   a. If an SMI inmate will not release to full privilege general population or be assigned in SD-1 or SD-2 within 28 days, the MDT will refer the inmate to Marion Correctional Treatment Center’s (MCTC) Acute Care Unit, a Mental Health Residential Treatment Unit or other Mental Health Unit, a Secure Diversionary Treatment Program (SDTP) or a Secured Allied Management Unit (SAM).

   b. The Chief of Housing and Programs or the Unit Manager in their absence must notify the Special Program Manager for Diversionary Housing by email to the DCOSMI mailbox and will provide the inmate’s name and number, date assigned to RHU status, proposed transitional action plan, and any supporting documentation on the same day that the MDT holds the formal ICA hearing.

D. Within 10 working days of an inmate’s initial assignment to RHU status, the MDT will conduct a formal
ICA hearing to: (5-ACI-4B-31)

1. Evaluate the inmate and determine if the inmate will remain in the Restorative Housing Unit on RHU status or be released to general population at their current institutional assignment.

2. Review any inmate who will remain in the Restorative Housing Unit for placement in a step-down status and as soon the risk is reduced to an acceptable level return the inmate to general population.

3. Recommend a transfer for inmates who cannot return to the full privilege general population at the current institution but would be suitable for general population at another equal or higher-level institution.

4. Review all pregnant inmates and inmates under the age of 18 to evaluate the inmate and determine: (5-ACI-4B-32, 5-ACI-4B-33)
   a. If the inmate can be released to full privilege general population or be assigned to SD-1 or SD-2 status at their current institution within 28 days of their initial assignment to RHU status.
   b. If the inmate cannot release to full privilege general population or be assigned in SD-1 or SD-2 status within 28 days; the MDT will review the inmate to determine appropriate alternate housing.
   c. If a pregnant inmate or inmate under the age of 18 is also SMI and cannot be released to full privileged general population or be assigned to SD-1 or SD-2 status within 28 days; the MDT will consult with the Mental Health Clinician Senior at CCS to determine appropriate alternate housing.

V. Transitional Action Plan Development

A. MDT members will evaluate each inmate assigned to RHU status and develop the inmate’s initial transitional action plan at the first formal ICA hearing in accordance with this operating procedure.

1. Evaluation tools and program components include but are not limited to the following: (5-ACI-4B-31)

      iv. Journaling and/or program assignments relevant to inmate needs and goals.

2. The Transitional Action Plan is designed to address inmate behaviors and needs so the inmate can enter a full privilege general population as soon as safely possible. The inmate’s Transitional Action Plan can include but are not limited to the following options:
   a. RHU Status
      For inmates that must be managed under maximum security conditions.
   b. Step-down 1 (SD-1) Status
      For inmates, whose behavior does not warrant assignment to RHU status or whose behavior has improved since assignment to RHU status to include completion of required programmatic goals.
   c. Step-down 2 (SD-2) Status
      For inmates identified as needing a more structured living environment than in full privileged general population but do not need the level of control provided in RHU or SD-1 status and/or inmates whose behavior has improved since assignment to RHU or SD-1 status to include
completion of required programmatic goals.

d. Steps to Achieve Reintegration (STAR) Program
   For inmates who refuse assignment to full a general population setting due to an unspecified fear and not for a specific fear or threat, violent or aggressive behavior, or legitimate protective custody; see Operating Procedure 830.5, Transfers, Institution Reassignments.

2. The Facility Unit Head will conduct a weekly review of all inmates assigned to RHU, Alt-GP, SD-1, and SD-2 status, to include inmates on Restorative Housing, SD-1, and SD-2 status. The Facility Unit

4. The MDT may recommend a transfer to another institution when return to the full privilege general population at the institution is not appropriate.

5. When the MDT determines that an inmate's behavior or circumstances no longer warrant their current housing status in the Restorative Housing Unit, the MDT should recommend assignment to a different housing status in the Restorative Housing Unit, transfer to a higher or equal security level institution, or release to full privilege general population.

C. Inmates assigned to a Restorative Housing Unit in excess of 30 days should not be discharged directly to the community. (5-ACI-4B-29)
