PURPOSE
This operating procedure provides for the assignment of inmates housed in Department of Corrections (DOC) institutions to Restorative Housing Units, and establishes the minimum standards for the operation of these units and for the care and custody of the inmates assigned.

PROCEDURE
I. Restorative Housing Units
   A. This operating procedure provides inmates incarcerated in DOC institutions with information on the operation of Restorative Housing Units at Security Level 2 through Security Level 5 institutions and for the supervision of inmates under general detention, Restorative Housing (RHU), and Step-down statuses (SD-1 and SD-2). See Operating Procedure 425.4, Management of Bed and Cell Assignments (Restricted), for security considerations relating to Restorative Housing Units. (5-ACI-4A-04, 5-ACI-4B-03)
   B. Security Level W institutions, Security Level 1 institutions, and Deerfield Correctional Center do not operate Restorative Housing Units.
      1. When warranted, inmates will be expeditiously transferred to the designated parent/host institution for placement on general detention in the Restorative Housing Unit.
      2. Detention in restraints or holding cells is authorized pending transfer of the inmate.
   C. Restorative Housing Units at institutions that house Security Levels 5, 6 and S inmates will operate in accordance with this operating procedure for Security Level 5 inmates and the Red Onion State Prison/Wallens Ridge State Prison local operating procedure addressing the Restorative Housing Reduction Step Down Program, for Security Level 6 and S inmates.
   D. For institutions designated for multiple security level inmates, the Restorative Housing Unit will operate in accordance with Attachment 1, Restorative Housing Operating Level Designation.
II. Restorative Housing Unit Mission
   A. Restorative Housing Units provide for personal protection and custodial management measures, exercised by the institution for the welfare of the inmate, the institution, or both and will not be used as punishment.
   B. General detention will be utilized for the immediate secure confinement of an inmate only when their presence in the general population or a step-down status poses a direct threat to the inmate (to include when an inmate requires personal protection and no reasonable alternative is available), other inmates, institutional staff, or a clear threat to the safe, secure operation of the institution. The goals of a Restorative Housing Unit are to: (5-ACI-4B-02)
      1. Manage inmates in a safe and secure manner
      2. Provide a consistent, systems approach to the operation of Restorative Housing Units in all institutions to maximize positive outcomes in inmate adjustment
      3. Provide opportunities for inmates to increase their likelihood for success in a full privilege general population
   C. An inmate moved from general population into a Restorative Housing Unit must be initially assigned to General detention, which is authorized by the Shift Commander or above for the immediate secure confinement of an inmate pending review for an appropriate assignment. (5-ACI-4B-02)
   D. Assignment to any other restorative housing status requires a formal due process hearing held by the Multi-Disciplinary Team (MDT), and must be approved by the Facility Unit Head or designee in accordance with Operating Procedure 830.1, Institution Classification Management.
   E. The MDT conducts ICA hearings related to Restorative Housing Units and is responsible to review
individual inmates and make recommendations concerning the management paths as well as security level, good time class, transfer, etc.

III. Restorative Housing Unit Assignment Process

A. Only the Shift Commander or a higher authority may authorize an inmate's placement in a Restorative Housing Unit.
   1. Institutional staff, such as but not limited to Corrections Officer, Investigator, Psychology Associate, or Health Authority may refer an inmate for general detention.
   2. The Shift Commander will meet with the referring staff member and the inmate, and will either place the inmate on general detention in the Restorative Housing Unit or return the inmate to general population.

B. When an inmate requests protective custody and the need for protective custody is documented and no alternative exists, the Shift Commander will authorize the inmate’s assignment to general detention in accordance with Operating Procedure 830.5, Transfers, Institution Reassignments, and Operating Procedure 830.6, Offender Keep Separate Management. (5-ACI-4A-05)
   1. When mental health or medical staff determines that an inmate must be assigned to a safety cell, medical cell, or other appropriate location in order to protect the inmate, other inmates, institutional staff, or the safe, secure operation of the institution, the staff member will notify the Shift Commander.
   2. Inmates identified as High Risk Sexual Victims (HRSV) or inmates alleged to have suffered sexual abuse or sexual harassment will not be placed in the Restorative Housing Unit without their consent unless an assessment of all available alternatives has been made, and it has been determined by the Psychology Associate in consultation with the Shift Commander and Regional PREA Analyst that there are no available alternative means of separation from likely abusers.

IV. Restorative Housing Unit Assignment Mental Health and Medical Reviews

A. Inmates will be screened by a Psychology Associate before their placement or within one working day after placement in general detention so that any “at risk” inmates may be identified and monitored in accordance with Operating Procedure 730.5, Mental Health and Wellness Services: Behavior Management. At facilities with no Psychology Associate, health care personnel or health trained staff should screen the inmate to identify if there is any indication the inmate may be “at risk”. (5-ACI-4B-10)

B. Health care personnel will be informed immediately when an inmate is transferred from general population to general detention in order to provide assessment per protocols established by the Health Authority. This assessment will determine the impact that restorative housing may have on medical conditions exhibited by the inmate and the possible alternatives that may be available to compensate for such conditions. (5-ACI-4A-01, 5-ACI-4B-28)

V. Initial Assignment to General Detention - Inmate Classification Process

A. The Facility Unit Head or other Administrative Duty Officer must review the inmate’s placement in restorative housing on general detention within 24 hours and will either approve the placement or order the inmate returned to their previous status when general detention is not warranted. (5-ACI-4B-02)

B. Within three working days of an inmate’s initial placement on general detention, the MDT will review all available, relevant information and conduct a formal ICA hearing to determine if the inmate can return to the previous housing status (general population or step-down) or if the inmate will remain in the Restorative Housing Unit and assign to RHU or other appropriate internal status in restorative housing.

C. Within 10 working days (15 working days for investigative status) of an inmate’s initial placement on general detention, the MDT will conduct a formal ICA hearing to determine the following:
   1. Security Level 2 institutions
a. The MDT will evaluate the inmate and determine if the inmate will be released to general population at their current institutional assignment.

b. Inmates who cannot return to the general population at the current institution but would be suitable for general population at another equal or higher level institution should be recommended for transfer to an appropriate institution.

c. Inmates who cannot return to the general population at the current institution and who are expected to require maximum security management in excess of 30 days should be recommended for transfer to the Centralized Restorative Housing Unit.

2. Security Level 3 and above institutions (5-ACI-4B-31)

a. The MDT will determine if the inmate will be released to general population at their current institutional assignment.

b. Inmates who will remain in the Restorative Housing Unit at their current institution will be provided a management path (RHU, SD-1, SD-2) that is designed to address their behaviors and needs so that the inmate can enter a full privilege general population. Restorative housing inmates will be reviewed for placement in step-down statuses and general population as soon as the risk is reduced to an acceptable level.

c. Inmates who cannot return to the general population at the current institution and who are expected to require maximum security management in excess of 30 days (not achieve assignment to a step-down level or full privilege general population) should be recommended for transfer to the Centralized Restorative Housing Unit.

d. Inmates who cannot return to the general population at the current institution but would be suitable for general population at another equal or higher level institution, based on the severity of behaviors, should be recommended for transfer to an appropriate institution.

e. Restorative housing inmates will be reviewed for placement in step-down statuses and general population as soon as the risk is reduced to an acceptable level.

D. SMI inmates must be reviewed within 10 working days after their initial placement on general detention; the MDT will conduct a formal ICA hearing to evaluate the inmate and determine the following: (5-ACI-4B-30)

1. If the inmate will be released to general population or placed in SD-1 or SD-2 within 28 days of their initial placement on general detention at their current institution

2. SMI inmates who will not be released to general population or placed in SD-1 or SD-2 within 28 days must be reviewed to determine appropriate placement from the options below:

   a. Referral to Marion Correctional Treatment Center’s (MCTC) Acute Care Unit if the inmate meets the legal commitment criteria; see Operating Procedure 730.3, Mental Health Services: Levels of Service.

   b. Referral to a Mental Health Residential Treatment Unit or other Mental Health Unit when the inmate does not meet the criteria for commitment to an Acute Care Unit but is unable to function in a general population; see Operating Procedure 730.3, Mental Health Services: Levels of Service.

   c. Referral to a Secure Diversionary Treatment Program if the inmate frequently engages in assaultive, disruptive, and/ or unmanageable behaviors; see Operating Procedure 830.5, Transfers, Institution Reassignments.

   d. Specialized placement in a Secured Allied Management Unit (SAM); see Operating Procedure 830.5, Transfers, Institution Reassignments.

3. SMI inmates must be moved out of RHU status within 28 days of the inmate’s initial placement on general detention unless a Serious Mental Illness (SMI) 28 Day Exemption Request has been granted; see Operating Procedure 425.4, Management of Bed and Cell Assignments (Restricted).

4. On the same day that the MDT holds the formal ICA hearing to evaluate a SMI inmate, a member of
the MDT must notify the Special Program Manager for Diversionary Housing. This notification will be submitted by email to the DOCSMI mailbox at docs咪@vadoc.virginia.gov and must include the following:

a. Inmate Name and Number
b. Date Assigned to General Detention
c. Proposed pathway out of the Restorative Housing Unit
d. Any supporting documentation

E. Pregnant inmates and inmates under the age of 18 must be reviewed within 10 working days after the initial placement on general detention; the MDT will conduct a formal ICA hearing to evaluate the inmate and determine the following: (5-ACI-4B-32, 5-ACI-4B-33)

1. If the inmate will be released to their previous housing assignment in general population or placed in SD-1 or SD-2 at their current institution within 28 days of the initial placement on general detention.
2. If the inmate poses a risk to the safe, secure, and orderly operation of the institution and will not be released to their previous housing assignment in general population or placed in SD-1 or SD-2 within 28 days. The MDT will review the inmate to determine appropriate alternate housing.
3. If the inmate is a pregnant inmate or an inmate under the age of 18 who is also SMI and will not be released to their previous housing assignment in general population or placed in SD-1 or SD-2 within 28 days. The MDT will consult with the Psychology Associate Senior at CCS to determine appropriate alternate housing. (5-ACI-4B-30)

F. Inmates in a Restorative Housing Unit who refuse assignment to general population due to an unspecified fear and not for a specific fear or threat, violent or aggressive behavior, or legitimate protective custody needs should be reviewed for transfer to the Steps to Achieve Reintegration (STAR) Program; see Operating Procedure 830.5, Transfers, Institution Reassignments.

G. Inmates in a Restorative Housing Unit who require separation from other inmates because of their personal security needs should be reviewed for transfer to a Protective Custody Unit; see Operating Procedure 830.1, Institution Classification Management, and Operating Procedure 830.5, Transfers, Institution Reassignments.

H. Security Level S inmates who have been assigned to a Restorative Housing Unit in excess of 90 consecutive days (SM-Special Management) or 180 consecutive days (IM-Intensive Management), due to temporary transfer for medical, court, etc., must be provided adequate exercise, program services, and privileges in accordance with the Red Onion State Prison/Wallens Ridge State Prison local operating procedure addressing the Restorative Housing Reduction Step-Down Program.

VI. Inmate Management Path Development

A. Inmates at Security Level 2 institutions are not provided a management path. Inmates will be required to participate in journaling and/or other program assignments as deemed appropriate by the MDT.

B. Inmates at Security Level 3 and above institutions who will remain in the Restorative Housing Unit at their current institutional assignment will be evaluated and provided a management path that is designed to address their behaviors and needs so that the inmate can enter a full privilege general population. (5-ACI-4B-31)

1. Restorative Housing (RHU) - To be used for inmates that must be managed under maximum security conditions.
2. Step-down 1 (SD-1) - To be used for inmates whose behavior does not rise to the level of RHU or whose behavior has improved since assignment to RHU to include completion of required programmatic goals.
3. Step-down 2 (SD-2) - To be used for inmates who have been identified as needing a more structured living environment than in general population but do not need the level of control provided in RHU or SD-1 and/or inmates whose behavior has improved since assignment to RHU or SD-1 to include completion of required programmatic goals.

C. MDT members will evaluate the inmate and develop the inmate’s management path (RHU, SD-1, SD-2) within 10 working days (15 working days for investigative status) in accordance with this operating procedure.

1. Evaluation tools and program components include but are not limited to the following: (5-ACI-4B-31)
   a. Review of COMPAS findings

      iv. Journaling and/or program assignments relevant to inmate needs and goals

2. Once the inmate’s management path is approved, staff must update the inmate’s Case Plan in VACORIS.

3. Inmates who refuse to participate in the requirements of their designated management path will be subject to disciplinary action; see Operating Procedure 861.1, Offender Discipline, Institutions.
   a. Inmates at Security Level 2 institutions, who refuse to participate in journaling and/or other program assignments, and inmates at Security Level 3 institutions will be given a warning for their first refusal.
      i. If the inmate again refuses to participate, the inmate will be charged with Offense Code 200, Refusing to work or refusing to attend school or other program assignments mandated by procedure or by law, or failure to perform work or program assignment as instructed.
      ii. Upon conviction of Offense Code 200, the MDT will review the inmate for transfer to the Centralized Restorative Housing Unit.
   b. Inmates who refuse to participate in the requirements of their designated management path in the Centralized Restorative Housing Unit will be given a warning for the first refusal.
      i. If the inmate again refuses to participate, the inmate will be charged with Offense Code 119f, Refusal to participate in the Restorative Housing Unit assignment.
      ii. Upon conviction of Offense Code 119f, the MDT will review the inmate for transfer to a higher security level institution.

   e. Upon conviction for refusal to participate, staff should review the inmate for a reduction to Good Time Class IV; see Operating Procedure 830.3, Good Time Awards.
   f. The inmate can only be charged once during a continued period of refusal.
VII. Centralized Restorative Housing Unit Transfers

A. Each institutional recommendation for an inmate’s transfer to the Centralized Restorative Housing Unit requires a formal ICA Hearing conducted by the MDT and submitted via VACORIS; see Operating Procedure 830.1, Institution Classification Management.

1. The MDT must submit their justification for assignment to the Centralized Restorative Housing Unit with their recommendation for transfer.

2. Each transfer recommendation to a Centralized Restorative Housing Unit will be reviewed by the appropriate authorities to determine if the transfer is warranted.

B. Security Level 4 and above institutions will not transfer inmates to the Centralized Restorative Housing Unit, inmates who require maximum security management in excess of 30 days will be managed in the Restorative Housing Unit at their current location.

C. MDT recommendations for transfer to locations other than to the Centralized Restorative Housing Unit will be made through the normal processes appropriate to the type of transfer; see Operating Procedure 830.5, Transfers, Institution Reassignments.

VIII. Restorative Housing Unit Status Reviews

A. Every seven days of an inmate’s first 60 days on RHU status and every 30 days thereafter, the MDT will perform a Restorative Housing Status Review of all the inmates assigned to RHU to monitor the appropriateness of the inmate’s status. If a formal review of the inmate’s status is warranted, the inmate will be served an Institutional Classification Authority Hearing Notification; see Operating Procedure 830.1, Institution Classification Management. (5-ACI-4A-07, 5-ACI-4B-08)

B. The MDT will formally review an inmate’s status at least once every 30 days while the inmate is assigned to the Restorative Housing Unit. (5-ACI-4A-08, 5-ACI-4B-09, 5-ACI-4B-31)

1. The MDT will conduct a formal due process hearing to review the inmate’s adjustment and behavior; see Operating Procedure 830.1, Institution Classification Management.

   a. The MDT will evaluate the inmate and determine whether to recommend that the inmate continue in their current Restorative Housing Unit status for a subsequent period of up to 30 days or be assigned to another status.

   b. The MDT should base its recommendation on the reason for the assignment, the inmate’s behavior, and any progress made by the inmate on their management path and treatment objectives.

2. When the MDT determines that an inmate’s behavior or circumstances no longer warrant their current Restorative Housing Unit status, a recommendation for the inmate’s reclassification to a different status or release to full privilege general population should be made.

3. Inmates transferred for placement in the Centralized Restorative Housing Unit who complete SD-2 will be reviewed by the MDT to determine if the inmate will be released to the full privilege general population at that institution or transferred to general population at another Security Level 3 institution.

4. The MDT should determine whether the inmate poses an unacceptable risk to themselves to include personal protection and keep separates in the general population, or is a threat to other inmates, institutional staff, or the safe, secure operation of the institution.

   a. Inmates in the Restorative Housing Unit pending approval for and transfer to a Protective Custody Unit or to the Steps to Achieve Reintegration (STAR) Program may be managed in the Restorative Housing Unit on RHU or SD-1 status as deemed appropriate by the MDT and approved by the Facility Unit Head or designee.

   b. Inmates under investigation by the Special Investigations Unit (SIU), who cannot return to general population and must remain in the Restorative Housing Unit, may be managed on RHU or SD-1 status as deemed appropriate by the MDT and approved by the Facility Unit Head.
c. The MDT may recommend a transfer to another institution when return to the full privilege general population at the institution is not appropriate.

C. The MDT may conduct ICA hearings at the institution’s discretion, any time a significant change in circumstances or the inmate’s behavior warrants a review; see Operating Procedure 830.1, Institution Classification Management.

D. Inmates assigned to a Restorative Housing Unit in excess of 30 days should not be discharged directly to the community. (5-ACI-4B-29)

1. The MDT, no less than 30 days prior to the inmate’s discharge date, will conduct a formal due process hearing to review the inmate’s status and determine if the inmate can return to general population or if the inmate must be discharged from the Restorative Housing Unit.

2. If the inmate will be discharged from the Restorative Housing Unit, the MDT must document their justification on the Institutional Classification Authority Hearing Notification for review and approval by the Regional Operations Chief or Regional Administrator.

3. In addition to the release requirements mandated for all inmates in Operating Procedure 050.3, Facility Release of Offenders, Operating Procedure 720.3, Health Maintenance Program, and Operating Procedure 820.2, Inmate Re-Entry Planning, the following steps at a minimum must be taken:
   a. Development of a release plan that is tailored to specific needs of the inmate
   b. Notification of release to the supervising P&P Office who will contact state and local law enforcement
   c. Notification to releasing inmate of applicable community resources
   d. Notification to Victim through Victim Services, if applicable

E. Temporary Suspension of Time Frames

1. In the event of a widespread institutional disruption, natural disaster, or other unusual occurrence that requires emergency action, the Facility Unit Head may temporarily suspend any or all portions of this operating procedure.

2. Inmates involved in the emergency may be detained without being served an Institutional Classification Authority Hearing Notification or conducting an ICA Hearing throughout the course of the emergency.

3. Upon restoration of institutional order, all detained inmates will be subject to ICA and other reviews in accordance with this operating procedure.

IX. Security, Movement, and Control of Contraband

A. A Corrections Officer must check each inmate in general detention or on RHU status twice per hour, no more than 40 minutes apart, on an irregular schedule. (5-ACI-4A-11)

1. Corrections Officers should check inmates on SD-1 or SD-2 statuses on a similar schedule.

2. Inmates who are violent or mentally disordered or who demonstrate unusual or bizarre behavior will receive more frequent observation.

3. Suicidal inmates are under continuous observation; see Operating Procedure 730.5, Mental Health and Wellness Services: Behavior Management.

4. In addition to supervision provided by the unit’s Corrections Officers, the Shift Commander or higher authority will visit the Restorative Housing Unit daily. (5-ACI-4A-12, 5-ACI-4B-12)

B. On days that showers and/or outside exercise are scheduled at the institution, a Security Supervisor will blow their whistle and make an announcement, at the beginning of their round, to alert inmates to their presence and to determine which inmates want to participate in showers and/or outside exercise.

C. Corrections Officers must strip search each inmate assigned to the Restorative Housing Unit before the
inmate exits their cell.

1. Each inmate on general detention or RHU status will be placed in restraints and escorted by two certified Corrections Officers whenever outside a secure area, such as a cell, shower, or exercise module. (5-ACI-4B-31)

2. Restraints and escort requirements for inmate movement are based on Security Level and status; see Operating Procedure 425.4, Management of Bed and Cell Assignments (Restricted):

3. A Corrections Officer will frisk search all Restorative Housing Unit inmates immediately after the inmate is removed from their cell or other secure area.

4. A Corrections Officer will frisk search each inmate prior to returning the inmate to their Restorative Housing Unit cell.

5. A Corrections Officer must search all items entering the Restorative Housing Unit to detect and eliminate contraband.

D. Only one inmate at a time may be out of a secure area in the Restorative Housing Unit unless both inmates are restrained and with separate security escorts.

1. With approval of the Facility Unit Head, an exception may be made for inmates participating in small group programs (SD-2 - maximum ten inmates) within the Restorative Housing Unit. (5-ACI-4B-31)

2. Protective custody inmates must be separated from known keep separates. Such inmates must be housed in separate cells and have no direct contact unless both inmates are in restraints and with separate security escorts.

E. A Corrections Officer must inspect each Restorative Housing Unit cell whenever the inmate is removed from the cell.

1. This inspection is a general review of sanitation conditions and a scan for contraband.

2. One Corrections Officer may conduct the cell inspection and the inmate need not be present.

3. A Corrections Officer must conduct and document that a thorough search and inspection of the Restorative Housing Unit cell was completed each time an inmate is moved out of a cell, before another inmate is moved into the cell.

F. Inmates from other general population housing units may provide housekeeping and other services in the Restorative Housing Unit.

1. If allowed to do so, each inmate worker must be specifically authorized by the Chief of Security.

2. The inmate will be searched (strip search for Security Level 3 and higher) upon entrance and exit, and must remain under direct supervision of a staff member at all times.

3. No inmate worker will be allowed physical contact with a Restorative Housing Unit inmate except as required for services rendered, i.e. barber.

G. All housing areas in the Restorative Housing Unit, to include cells that house inmates identified as potentially suicidal, must have readily accessible equipment and supplies necessary in the event of an emergency.

H. When an in-person assessment or examination of an inmate in general detention or on RHU status by a Psychology Associate or other health care professional is conducted in the cell, the inmate will be restrained and instructed to sit on their bunk.

X. Mental Health and Medical Reviews and Care

A. No inmate will be denied necessary or proper medical, dental, and or mental health care while assigned to a Restorative Housing Unit.

1. Any inmate with identified mental health problems who is placed in general detention or is on RHU

2. Medical services will be provided in accordance with Operating Procedure 720.1, *Access to Health Services*, and Operating Procedure 720.2, *Medical Screening, Classification, and Levels of Care*.

3. Dental staff will determine the need to provide dental care while the inmate is in a Restorative Housing Unit. Inmates should request dental services if needed.

4. Prescribed medications will be provided in accordance with Operating Procedure 720.5, *Pharmacy Services*. *(5-ACI-4A-15, 5-ACI-4B-14)*

**B.** “At risk” inmates should receive a physical screening i.e., weight and vital signs taken and recorded and checked for symptoms of possible side-effects to prescribed medications by appropriate health care staff no less than once every 14 days.
