❖ Introduction

The pro-social benefits of a safe and orderly visitation program, which affords inmates the opportunity to stay connected with family, friends, clergy, and other community representatives, is widely regarded and valued. However, inmate visitation is a privilege that must support its intended purpose and not serve as a means of introducing contraband into correctional facilities. This *Inmate Visitor Information Brochure* provides essential information on the Department of Corrections (DOC) visitation program, but the brochure does not cover every aspect of the program. Additional information on visitation can be found in Operating Procedure 851.1, *Visiting Privileges*, which is available on the DOC public website at [https://vadoc.virginia.gov/general-public/operating-procedures/](https://vadoc.virginia.gov/general-public/operating-procedures/).

❖ Visitor Approval Process

➢ Visitor Online Application Process

- All inmate visitors (adults and minors) must apply online and be pre-approved for visiting privileges by the Central Visitation Unit before attempting to visit with any inmate.

- The prospective visitor must complete an application online through the DOC public website at [https://visitationform.vadoc.virginia.gov/](https://visitationform.vadoc.virginia.gov/). Visitors unable to apply online due to age or disability may contact Assisting Families of Inmates (AFOI) at 804-643-2401 for assistance.

- All visitor applications are reviewed by the Central Visitation Unit generally within 30 days after receipt; an additional 90 days is required to review certain applications e.g., out-of-state visitors.

- As part of the application process, the adult visitor must authorize the Central Visitation Unit to conduct a Background Investigation on themselves and all associated minors, which will include the criminal history of all minor visitors over the age of 15.

- Any visitor who enters false information on a visitor application will not be approved to visit.

- Visitors should wait for written approval from the Central Visitation Unit before they attempt to visit with an inmate for the first time. Visitors who arrive at an institution to visit before their application is processed will not be allowed to visit.

- All visitor applications expire three years from the date the application is approved, visitors should submit a new application 30 days prior to expiration of the application to continue visitation uninterrupted.

➢ Inmate Visiting List

- Visitors will not be permitted to visit an inmate newly received into the DOC for the first 60 days of the inmate’s assignment to a Reception Center.

- In order for a visitor (adult) to visit with an inmate, the inmate must have included the visitor’s name, address, and relationship on their *Inmate Visiting List*. Inmates are not required to list minor visitors.

- Only those adult visitors listed on the inmate’s *Visiting List* and approved by the Central Visitation Unit are authorized to visit the inmate.

➢ Visitor Eligibility

  - Visitation with more than one inmate who is not an immediate family member
