PURPOSE
This operating procedure provides guidelines for the admission, programming, removal, successful completion, and follow-up supervision of offenders assigned to a Community Corrections Alternative Program operated by the Department of Corrections (DOC).

PROCEDURE
I. Authorization, Mission, and Administration
   A. The DOC operates facilities that provide Community Corrections Alternative Programs (CCAP) under the authority of COV §53.1-67.9, Establishment of community corrections alternative program; supervision upon completion. (4-ACRS-7A-01)
   B. The CCAP utilizes elements of the previous Detention Center and Diversion Center programs with an increased emphasis on evidence based programming individually tailored to each offenders assessed needs.
   C. The Mission of CCAP is to facilitate offender social behavioral change within an Evidenced Based Practices (EBP) environment to support personal growth and prepare the offender to return to the community.
      1. The program is designed to serve offenders who require more security, structure, and supervision than is available from other community-based programs.
      2. Persons, who are being initially sentenced, as well as offenders who have failed at other less restrictive community programs, should be considered for participation in a CCAP.
   D. Each CCAP is headed by a Superintendent with the following preferred qualifications: (4-ACRS-7B-01)
      1. A bachelor's degree in an appropriate discipline; the degree qualification may be satisfied by completion of a career development program that includes work-related experience, training, or college credits at a level of achievement equivalent to the bachelor's degree.
      2. Significant, at least five years, related administrative experience
      3. Demonstrated administrative ability and leadership
   E. All CCAP professional staff must comply with applicable state and federal licensure, certification, or registration requirements for their position. Verification of current credentials will be maintained on file in the facility. (4-ACRS-7B-02)
   F. Each facilities administrative and support staff follows fiscal policies and procedures adopted by the DOC, including, but not limited to, the following: 210.1, Internal Fiscal Controls, 210.2, Cash Management, 210.3, Accounts Receivable, 210.4, Accounts Payable Administration and Management, and 240.1, Travel. (4-ACRS-7D-17)
      1. All monies collected at the facility are placed daily in an officially designated, secure location. (4-ACRS-7D-21)
      2. The methods used for the receipt, safeguarding, disbursing, and recording of funds comply with accepted accounting procedures. (4-ACRS-7D-22)
   G. Staff model desired behaviors in accordance with a facility code of ethics. Staff reinforce proper offender behavior and correct offender misbehavior. (4-ACRS-3A-07)
   H. Community Corrections facilities provide for a system of communication between all levels of staff and offenders through a high degree of interaction facilitating verbal communication, as well as provision for written communications. (4-ACRS-7D-36)
   I. Offenders are not subjected to discrimination based on an offender’s race, religion, national origin, gender, disability, or political views. (4-ACRS-6B-01)
J. Offenders with disabilities, if found eligible and suitable for the program, are housed in a manner that provides for their safety and security.
   1. Housing used by offenders with disabilities is designed for their use and provides for integration with other offenders.
   2. Programs and services are accessible to offenders with disabilities who reside in the facility. (4-ACRS-6A-04)

II. Community Corrections Alternative Program

A. The Community Corrections Alternative Programs (CCAP) utilize a structured residential environment to provide all offenders with evidence based core programming in treatment motivation, cognitive restructuring, and substance abuse.

B. In addition to core programs, each CCAP facility specializes in a programming area such as academic and vocational training, intensive substance abuse programming, and community service and employment.

C. CCAP facilities provide the opportunity for physical labor in organized community service work projects. (4-ACRS-5A-14, 4-ACRS-5A-16)

D. CCAP staff will actively identify and implement activities that contribute to the community through public works and public service projects. (4-ACRS-7F-07)

E. The facility provides programs, services, and opportunities that encourage offenders to take responsibility for their actions and make restitution to the victims of their crime(s) and/or to the community. Opportunities are based upon victim and community input and are fashioned in a way that seeks to ameliorate the harm done. (4-ACRS-6D-01, 4-ACRS-6D-02)

F. Recreation and leisure time activities are available to meet the needs of offenders. (4-ACRS-5A-21)

G. Participation in CCAP will generally last from 22 to 48 weeks based on needed programming dosages and the progress and adjustment of the offender.

H. Offenders participating in community employment are expected to pay restitution, court costs and fines and will be expected to defray the cost of their stay in the facility by paying transportation fees when applicable and room and board charges once they start employment. (4-ACRS-6D-02)

3. Request additional information, if necessary

4. Determine if sufficient information exists to notify the offender of the alleged violation

5. For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred must not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation. (§115.278[f])

6. The facility may discipline an offender for filing a grievance related to alleged sexual abuse only where the facility demonstrates that the offender filed the grievance in bad faith. (§115.252[g])
