What is Victim Impact: Listen and Learn?

Victim Impact: Listen and Learn was developed by the Office for Victims of Crime (OVC) in 2006, with Virginia as one of four pilot states. This education/awareness curriculum is focused on sensitizing inmates and supervisees to the impact that crime has on victims, victims' families, and the community. The program is structured to build accountability for the harm they have caused and to foster empathy toward crime victims and survivors. The program does NOT require any level of disclosure by participants concerning their specific crimes.

Length of class: 13 weeks

Duration of class: 2-2.5 hours per week

Crime topics covered: Property crime, assault, robbery, hate and bias crimes, gang crime, sexual assault, child abuse and neglect, domestic violence, drunk/impaired driving, homicide

What is the Goal?

The goal of the class is to help participants become more aware of the impact that crime has on victims and to take responsibility for their actions and begin to make amends.

The basic precepts of the *Victim Impact* curriculum are—

- ◆ Victims and the impact of crime on them are the focus.
- ◆ Victims' personal experiences are the centerpiece.
- ◆ Victims deserve to have their rights enforced and their voices heard.
- ◆ Anyone can become a victim of crime.
- ◆ Victimization creates a “ripple effect” throughout the community.
- ◆ Participating inmates and supervisees have the opportunity to change their thinking and their behavior.
- ◆ Participating inmates and supervisees have an obligation to make amends to their victims, directly and indirectly.

How Do Inmates and Supervisees Participate?

- ◆ The program is currently expanding to facilities and probation offices across the state.
- ◆ Enrollment in the program is not mandatory, and recruitment varies by individual site.

What If a Participant's Crime Isn't Listed?

Disclosure of one's crime is not required, and this educational curriculum discussing empathy and accountability can be widely relevant. Additionally, class materials demonstrate that even when crime types vary, many of the impacts on victims and the community remain the same.

What Do Inmates and Supervisees Receive for Participating?

Participants receive a certificate of completion if they attend at least 12 of the 13 units. The class is not mandatory and participation does not provide any special privileges.
